

Hurricane Sandy: Recover, Restore and Rebuild

Energy Incentives and Programs for Residents, Businesses, Schools and Towns

February 25, 2013 - Toms River | March 7, 2013 - Woodbridge

Presentation Materials

- **Introduction**

Randall Solomon, Co-Director, Sustainable Jersey

- **[New and Existing New Jersey Clean Energy Programs](#)**

[Gary Finger, Ombudsman, New Jersey Board of Public Utilities](#)

- **[Special Programs and Incentives for New Jersey Natural Gas Customers](#)**

Anne-Marie Peracchio, Director, Conservation and Clean Energy Policy, New Jersey Natural Gas

- **[Grass Roots Advocacy through Sustainable Jersey](#)**

Randall Solomon, Co-Director, Sustainable Jersey

[Direct Install - Outreach Campaign to Local Business](#)

[Home Performance with Energy Star - Outreach](#)

Please note that Sustainable Jersey has temporarily modified the requirements for these two actions. Outreach campaigns to residents and businesses aimed at promoting the NJ Clean Energy Program's Hurricane Sandy Enhanced Incentives in affected areas will be eligible for credit under these actions.

- **[Residential Outreach Case Study: Highland Park Energy Audit Program](#)**

Teri Jover, Chair, Sustainable Highland Park

- **[Get the Attention of Local Businesses? Proven Ways to Encourage Energy Efficiency Upgrades through Targeted Communication and Education](#)**

Gray Russell, Environmental Coordinator, Montclair Township

- **Final Comments and Questions**

Randall Solomon, Co-Director, Sustainable Jersey
